International Conference on Sustainable
Technologies for Humanity and Smart World

HSWTech-2025

IEEE Conference Record Number: 64936

September 2-4, 2025

Call for Papers / Workshops / Tutorials

International Conference on "Sustainable Technologies for Humanity and Smart World" (HSWTech-2025) is organised by the Department of Electrical and Electronics Engineering, Dr. Vishwanath Karad MIT World Peace University, Pune, India. The conference aims to provide a platform for academicians and professionals to explore the challenges, opportunities, and solutions to a range of issues in society, the environment and industry using cutting edge areas of technology. This conference explores the integration of sustainable technologies with smart innovations to create a robust and intelligent world.

Papers / Proposals to host workshops & tutorials, are invited from individuals or groups on the following conference tracks and relevant fields during the pre/conference period.

- **Track 1:** Green Communication and Networks
- **Track 2:** Semiconductors and Chip Design
- **Track 3:** Artificial Intelligence and Computing
- **Track 4:** Automation and UxVs
- **Track 5:** Green Energy and Sustainability
- **Track 6:** Engineering for Humanity and Healthcare
